

Philips LTIX 2000W HEHS

Product family description

Helios® Xenon Cinema lamps – high performance for more brightness. These drop-in replacement lamps consume the same electrical energy as standard lamps, yet significantly increase the light output on the screen. This means they can be used to upgrade projection performance without actually purchasing a new projector. Alternatively, these lamps allow use of a lower wattage lamp while maintaining the light output on screen, which means they can be used to reduce power consumption and lower the overall cost of ownership of a cinema projector. In addition, since they are ‘drop-in’ replacements, no lamp housing modifications and no lens changes are required.

Product Features

- Can increase light output on screen at same lamp wattage (*)
- Can allow use of smaller wattage lamp while maintaining light output on screen (*)
- Drop-in replacement for standard lamps
- (*) As there are many variations in equipment type and condition, as well as in lamp types, these improvements are not guaranteed. Philips encourages customers to test Helios lamps against their current lamps and see for themselves the benefits

Product Benefits

- Avoid upgrading older equipment
- Can reduce power consumption and lower cost of ownership
- No lamp house modifications
- No lens change required

Product data	
Order code	301366 00
Full product name	Philips LTIX 2000W HEHS
Packing type	Unpacked

PHILIPS

Product data	
Pieces per pack	1
Net weight per piece	0.510 KG
Successor order code	
Operating Position	hor/ver30 [Horizontal or vertical +/- 30 degrees]
Main Application	Cinema
Additional Information	Short Helios
Packing Type	UNP [Unpacked]
Packing Configuration	1
Average Lifetime	1800 hr
Lamp Wattage	2000W
Technical Type	2000
Lamp Wattage Technical	2000 W
Lamp Voltage	24 V
Lamp Current	80 A
Luminous Flux Lamp	80000 Lm
